

September 26, 2021 - Remastered Edition. Ready for nostalgia? Epics of Distant Realm is a 2006 action-adventure game with RPG elements. A first look at Epics of a distant kingdom. According to the plot, the game tells about the kingdom of Inarius, which suffered a misfortune - an unknown disease. But everything would be fine if only this disease had not infected all the inhabitants of the kingdom. Only one person - the king of Inaria, named Roland, remains unaffected by this infection. The king decides that the only way to stop the disease is to find and destroy the source of this infection! But where to look for it? After all, the king does not know about his existence.
