Overview It's amazing what people can do on their own! The Musical Gift Wheel is a product from the United States, which was built in 1995. This gadget was created specifically for the elderly, and it can be very helpful to them in their daily lives. In this review, you will find a brief information about the overall performance,

as well as the pros and cons of it. Performance The unit itself is made of plastic. It's thin, only 8mm thick. It's light, and it weighs only 9.5 ounces. The wheel itself will spin a variety of different recipes. The recipe kit is designed to help the elderly cook, and it also includes a spoon. The spoon can be used in the unit itself. Pros The Musical Gift Wheel is very convenient, and it can

be used in any kitchen. This makes it very beneficial for elderly people, and it will allow them to cook without much effort. The unit itself can be used in different kitchens, including inside homes. This is extremely important to elderly people, because they tend to go to different places for cooking. Cons The Musical Gift Wheel is very portable, and it's extremely light,

which can be helpful to elderly people. However, it's no good for the kitchen. This should be considered when purchasing the unit. Overview Finger zapping is the name of the musical game, and it's a good one at that. The Finger Zapping is a product from America, which was built in 1996. This gadget will feel into the finger tips, and it has a red LED light. In this review, you will find a brief

information about the overall performance, as well as the pros and cons of it. Performance This unit can be used in a number of applications. It's portable, and it can be used in gardens, lawns, and other areas where there are plants. This will allow you to enjoy the sound of this unit, while listening to the birds singing. You can place the unit anywhere inside your home, but you

should be careful not to place it near lights. The red light can be a bit distracting, and can decrease its overall performance. Pros The Finger Zapping can be used in different environments, and it's extremely portable. This will allow you to enjoy the unit without having to set up anything inside your home, and it's no good for plants. This will allow
