IPhone To Computer Transfer Crack Free

IPhone To Computer Transfer Crack Activator Free [32|64bit]

iPhone to Computer Transfer Crack For Windows is a software application whose purpose is to help you back up files from your iPhone to your computer. It also works with iPod touch and iPad. The program gives you the possibility to transfer audio tracks, videos, contacts, messages, notes, Safari bookmarks, images, books, and other documents. It offers support for various file formats, such as MP4, MOV, M4V, MP3, M4A, AAC, AIF, WAV, BMP, JPEG, GIF, and PNG. Clean feature lineup You are welcomed by a straightforward layout that gives you access directly to the files stored on your Apple device. In addition, the tool reveals information about the device type, capacity, version, serial number, as well as size occupied by audio, video, photo, or other files, and available space. Backup options iPhone to Computer Transfer Crack For Windows helps you create backup copies of your files stored on an iPhone to your system. You can manually select the target items that you want to copy and perform searches throughout the list with files to quickly identify target items. The tool reveals information about each file. For example, it shows details about the title, duration, size, and genre for audio files. Refreshing the information can be done with a single click. What's more, you can open the output folder at the end of the task, set up copying rules in case files exist (ask, automatically rename, replace, or skip), and change the saving directories. The application makes it easier for you to transfer all items which are included in a certain category, such as Music, Movies, TV shows, Podcasts, Audiobooks, Books, Ringtones, Playlists, Voice Memos, Cameral Roll, and Photos. Final remarks All things considered, iPhone to Computer Transfer Crack For Windows comes packed with several handy features for helping you copy all your iPhone files to your computer. The intuitive feature package makes it suitable for rookies and professionals alike.
