This game is my one, and I aim to make it so much better than I was. This is a story of a sorority (witch) college, where students undergo the transformation in preparation of love with the girls. We meet a young graduate, poor in love, but rich in dreams who has been summoned to a sorority by her professor to learn the ways of the witches. Amazing and at the same time, a strange story was told to me by an old acquaintance by correspondence. He told me of the time when he was nothing but a simple guy, yearning for a young female flesh. But due to the thunderstorm of events, in which he was cast, he found himself at a disastrous end. His birth was shrouded in mystery, and his goals were that of a simple man. His youth could be the envy of all. But to live through his destiny and bear the entirety of it, is even beyond my power. He will recite you a tale about the students who changed his life. And many women who he met, and how they have changed his fate. We are about to take an endeavor into a magical world, that has not seen a wild debauchery since the fall of the Bewitching Guild. The old magical school, that above all valued purity and chastity. And we also hear about a young doctor, who grew tired of old witches, and who dreamed of young and innocent witches It is time to raise our sails! On-wards to Hogwarts! Innocent Witches 0.5.1B was released, and still hasn't gotten an English translation. So we can only have an opinion based on watching the videos of it. The story begins when our main character is a student (in a school not among the top 4). He witnesses a suicide of a witch and decides to investigate. While he's alone in the school, he goes to an ancient library and finds a book that (somewhat) explains how to turn witches into sex slaves for him. He decides to do it, but says that it's too risky for him, and asks for help to do it. He and his best friend go to the Ministry of Magic who also decide to help him. They go to the Ministry and start going through the thick walls of the castle to reach the forbidden library. They find it and start exploring it, they also find a book that (somewhat) explains how to turn young witches into sex slaves. The two of them decide to do it, because he loves witches and likes what he does, they also destroy some books that are against the dark arts. It's basically a set of plots, stories and secrets of magical societies that decide how you make witches into sex slaves and slaves or does one of the other 200 other jobs that one can do in the magical community. Anyway, the story should be in the spoilers so don't scroll down if you don't want to get spoiled.
