

Mortal Kombat 9 Pc Torrent Kickass ^NEW^

Mortal Kombat X features 2 new characters, the new data system includes full pass-codes to unlock playable characters. You only get what you see! Authentic character models and animations. New fighting system with significant changes to the Re Kitana fighting system, bringing a fun fighting game experience to the forefront. Brand new fatalities, including a new quest for the Urien and Liu Kang series. This is an amazing game. The creators of this game have upgraded everything, and its my favorite fighting game the last 5 years. The online is better than ever, the customization is amazing, every new character is unique and better than ever. But no matter what there is one thing the game does not have that Mortal Kombat has always had, and that is online competitions. So if you love to watch people beat the crap out of eachother in Mortal Kombat the chance to watch it live is huge. This is the true Mortal Kombat experience without playing online and its what all Mortal Kombat fans miss the most. I won't go into too many details here, but if you think you can handle the gore and don't mind missing out on a bunch of characters and MK costumes, you can download Mortal Kombat 11 and get addicted right away. Thank me later! Some people think Mortal Kombat is a strategy game. A lot of people said this game was hard and that they lost quite a lot of times. Well, Mortal Kombat 9 is not a hard game. It is actually a bit easy. Its more of a 1 on 1 game, and if you aren't good at it, it can be a bit annoying. But as long as you don't get double tagged or anything like that, its just a matter of seeing your opponent's weaknesses. Of course it is hard to draw the line, because there are always exceptions. But no, the game isn't hard. If you got problems with the controls or any other aspect, do not hesitate to contact someone and ask for help. Your opponent wants to kick you in the balls. They don't want to have to help you. If you want to be at your best, it's your duty as the initiator to make sure you help the other guy. And even if you let them go first, they might just give you a kick in the balls before he actually has the chance to do that. So do not run away and run for help, its your own fault if you get kicked. So get ready for the true thrill of Mortal Kombat. Besides all the amazing new characters in the game, some of them are just the best kick a million in Mortal Kombat. Master Liu, Reptile, Ermac, Scorpion, Sub-Zero are all kick ass. They make great partners to main characters that just isn't possible in other Mortal Kombat games. And you'll kick asses against other NPC's, custom characters and online players. Now, we cannot answer the question of how to get all the characters, they are on the disc.
