
Hoi4 General Traits Cheat !!TOP!!

cheats are perhaps the bitterest pill for any mod-erator, but weve got you covered. hearts of iron 4 doesnt even allow any sort of base game cheats (as far as i know). therefore, we can only work with the built-in cheats (which are supposed to be hardcoded into the game). but, as a modder, you can write your own cheats of course. again, theres a lot of these cheats floating around out there on the internet. in the coming sections i am listing out what i believe to be the best ones available. lets take a look at an example of a general cheat: scenario versus scenario. this one adds an extra scenario to play in. this cheat is really easy to use: - scenario versus scenario will add an extra scenario to the game. therefore, you have a total of 11 scenarios in hearts of iron 4. this cheat will add an additional scenario. in this tutorial, i will add an additional scenario to hoi4 for you. just use any random scenario, that does not already exist as the first scenario. add the cheat by typing in this command: cheat addscenvsample. the cheats amount and unit_id in this cheat are optional, you can use just the province field. this cheat is very useful if you want to boost your resources by adding lots of gold to your country. this cheat is very easy to use: - cheat goldresource will add gold to your country. use the amount to specify how much gold you want to add to your country. these are general traits cheats. these cheats help to improve your countries performance from both the economic and military perspective. these cheats are easy to use: - cheat increase of mobiles will increase the amount of troops you have. use amount to specify how much troops you want to add.
