Tanita.com is a website owned by Tanita, Inc, where you can find Information about the corporation and its products: body composition software, scales, and other body composition products. Gimon Software 25, 450 pages • 18 May 2016 Programs for all Tanita body composition equipment (BCE) available for download. The software will run on all models of Tanita body composition equipment. Tanita BCEMS is a professional, detailed, and easy-to-use body composition system. Tanita BCEMS can produce individual, population, and area estimates of body composition components (fat mass, fat free mass, bone mineral content, and bone mineral density). It is the only body composition system to provide automated BIA measurements that can be used to calculate all four body composition components. EQ is the brand name for the Body Composition Software (BCS) program produced by the California Academy of Sciences and run by the California Academy of Sciences' Biomedical Research Division. The algorithm and the software produced by this program are used as a reference standard for the international test of Body Composition by BIA (BCBIA-BIA). It is the only BIA instrument to pass the test of the International Association for the Advancement of BIA (IAAB). The products are used for professional and personal use, the company provides services such as consulting, training, and the design and manufacture of software and body scales. There are also training videos and teaching programs. The company also offers private body scanning service and can be deployed at all sports event to determine body composition based on percent of body fat. Tanita TeleScan software is a body composition, weight management, and health-monitoring tool. Tanita's TeleScan Body Composition System is the only multi-ethnic body composition system available. The TeleScan communicates via a standard telephone line using standard modem technology. Tanita.com is a website owned by Tanita, Inc, where you can find Information about the corporation and its products: body composition software, scales, and other
